Describe our current plan's strengths & weaknesses using one word answers.

9 responses

On a scale between our 2020 3-page plan and Envision's new Ec Dev Strategic Plan, where would you like the final plan to land?

How should our Vision statement change?

Vision statement is perfect now. I wouldn't change it

Stay the course and prioriize

vision should be more attainable in the short term

As is

I'm good with current vision statement.

How should our Mission statement change?

Good

Ok as written

mission is good as is

Leave it the same

that's fine as is

And to attract more residents

The order/priority of "economic, social, and environmental" should reflect the priority of what we're doing.

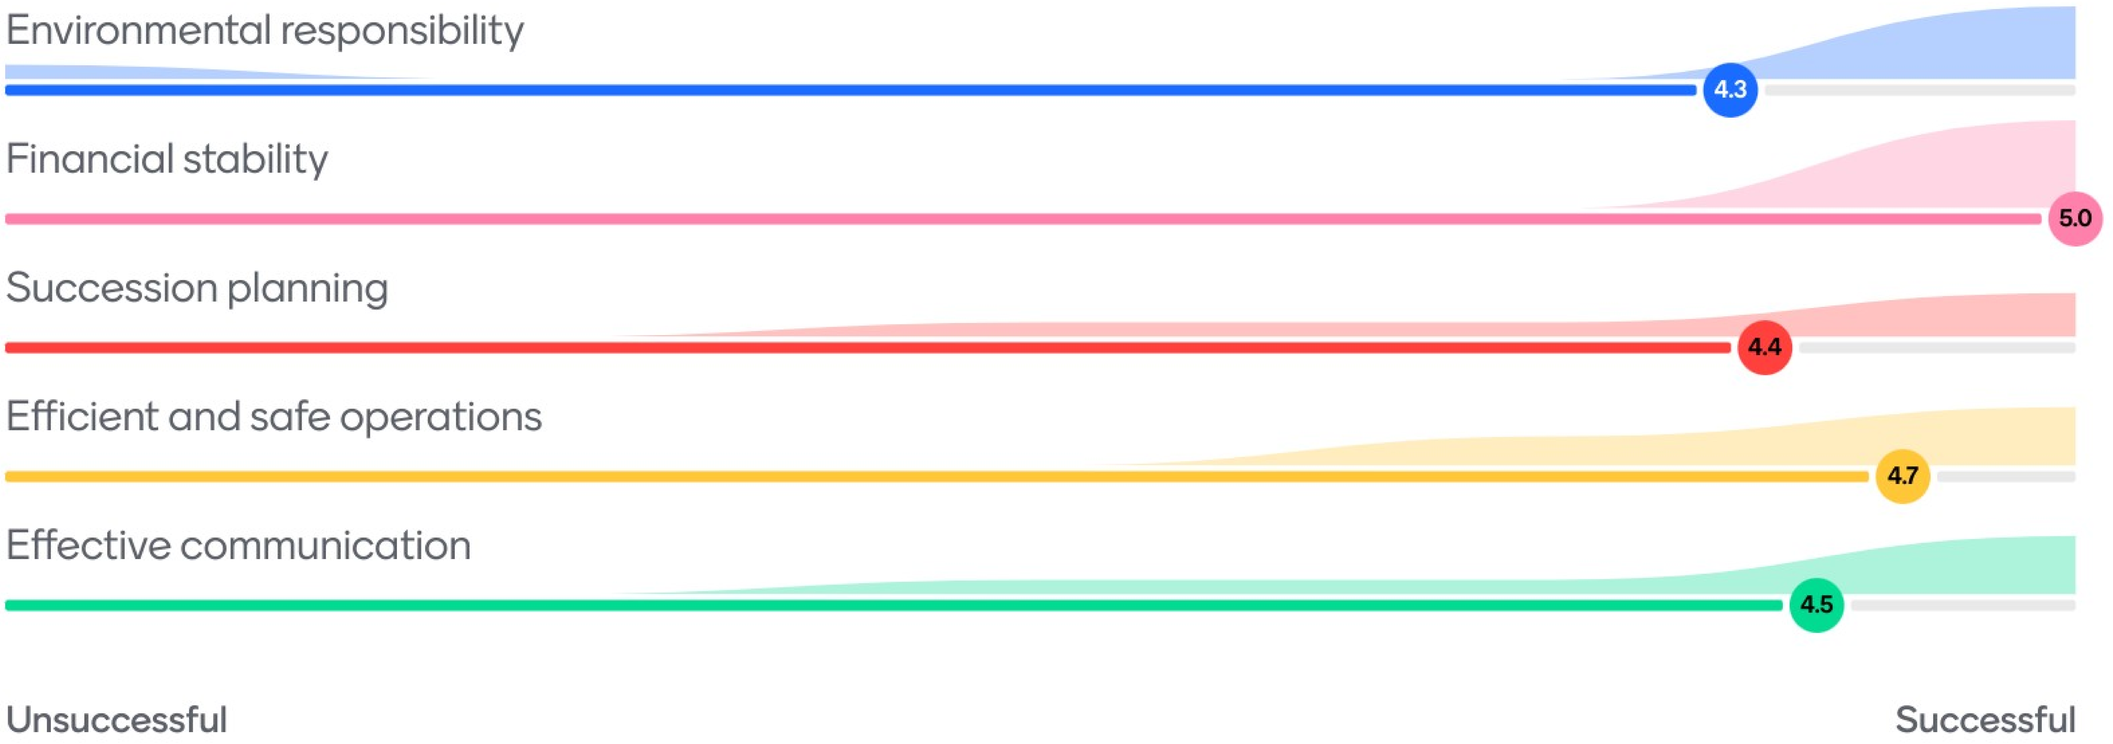

RSC services belong in one of 3 categories: **Solid Waste**, **Local Planning**, or **Regional Services**.

100%
Agree

0%
Disagree

Please rank your perception of success of solid waste priorities so far...

Are there additional solid waste priorities we should consider? Should any priorities be removed?

Consider waste reduction promotion?

Promotion in general of what the rsc roles,

hazardous materials in the waste stream

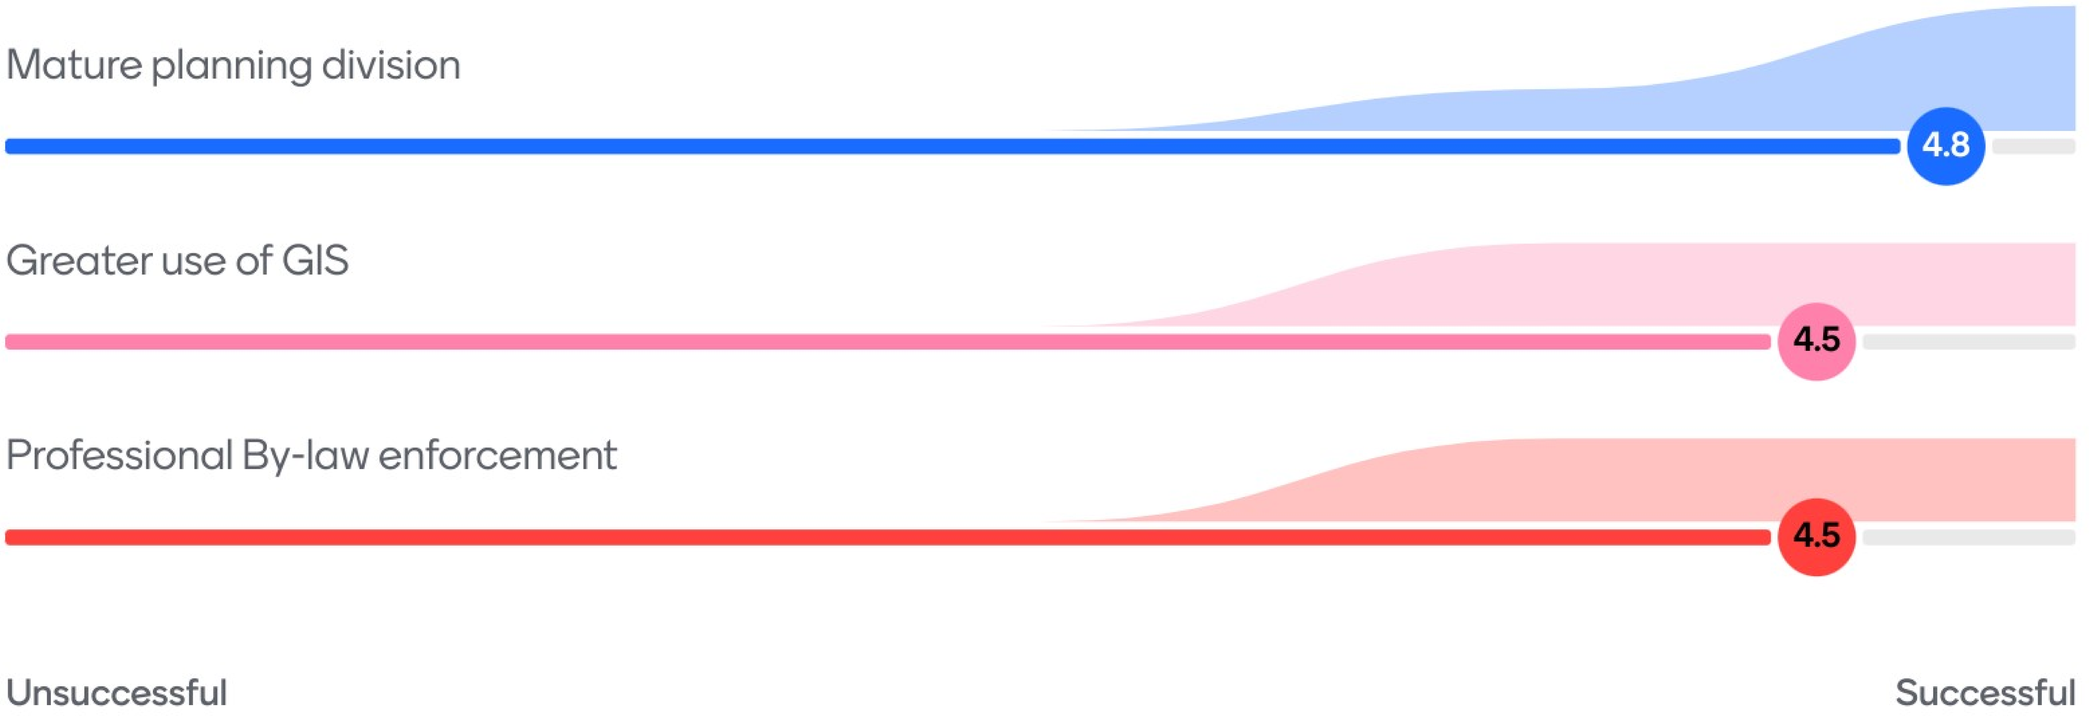

Encourage and promote generating less waste.

Communication of the services

continue to promote the services done by RSC

Provide more public information sessions

Please rank your perception of success of planning priorities so far...

Are there additional planning priorities we should consider? Should any priorities be removed?

Encourage more shared services.

SHARED SERVICES WOULD BE GREAT

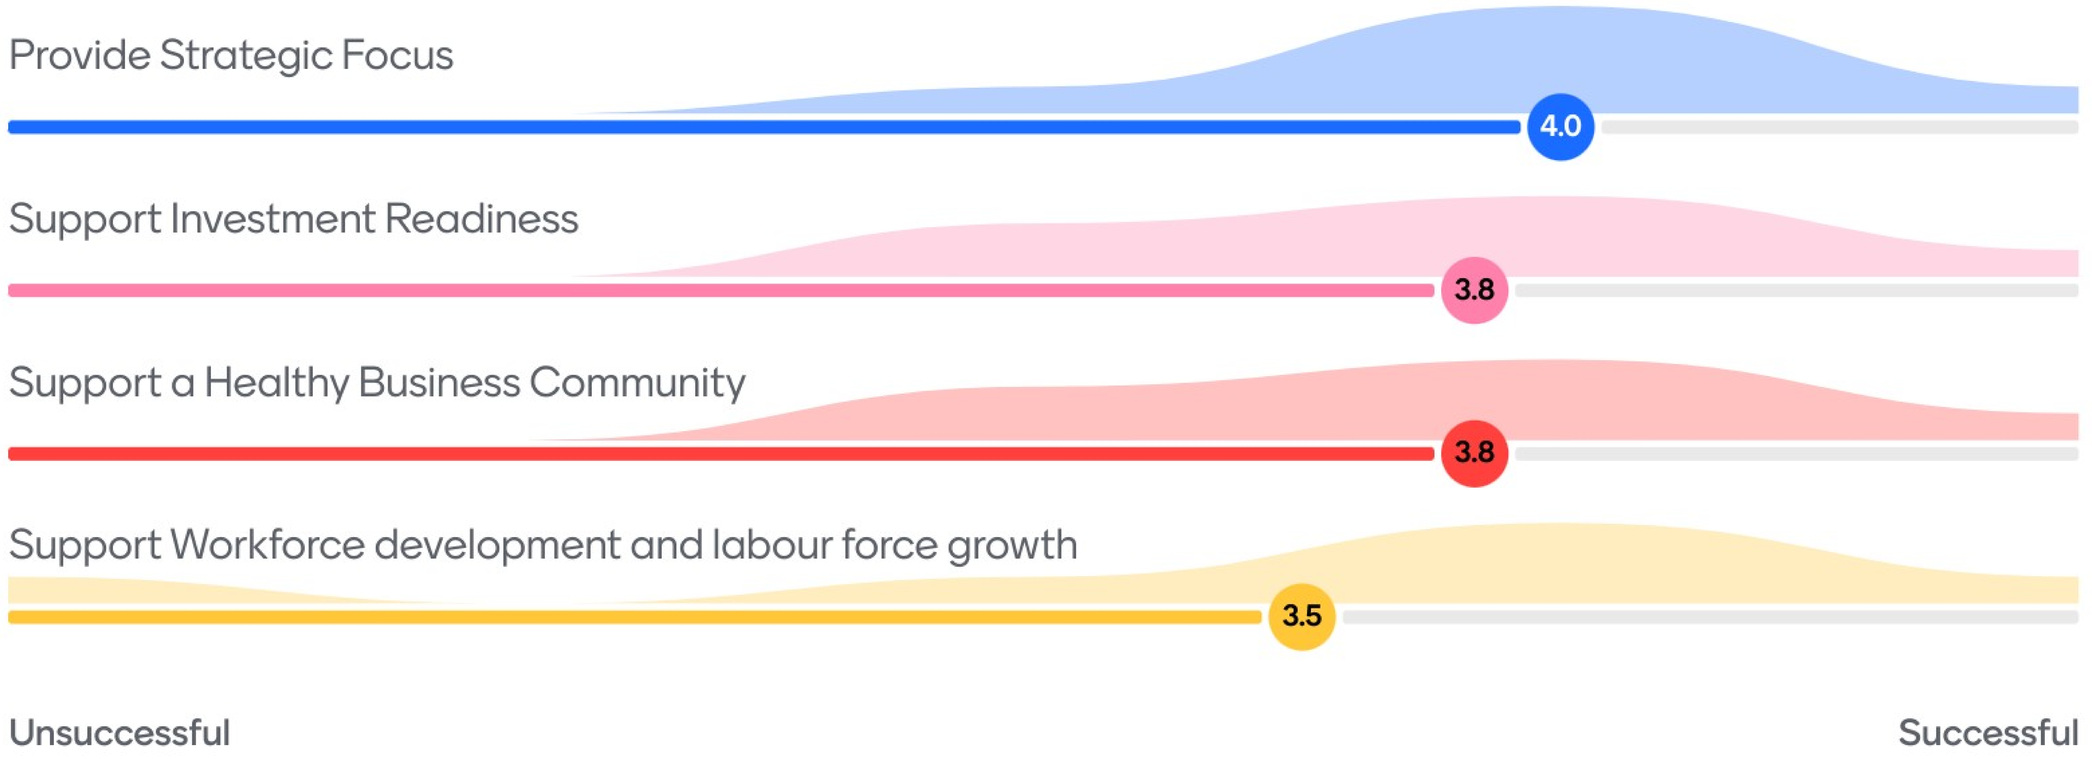

More education sessions on building code requirements vs bylaw requirements

What is being done now is all that we really require unless an engineer is required. Present service is very well and professionally done now

Shared services increased

Expand public information opportunities

Please rank your perception of success of economic and workforce development priorities so far...

Are there additional economic and workforce development priorities we should consider? Should any priorities be removed?

Promote services and resources we have available. Port, rail, gas, etc.

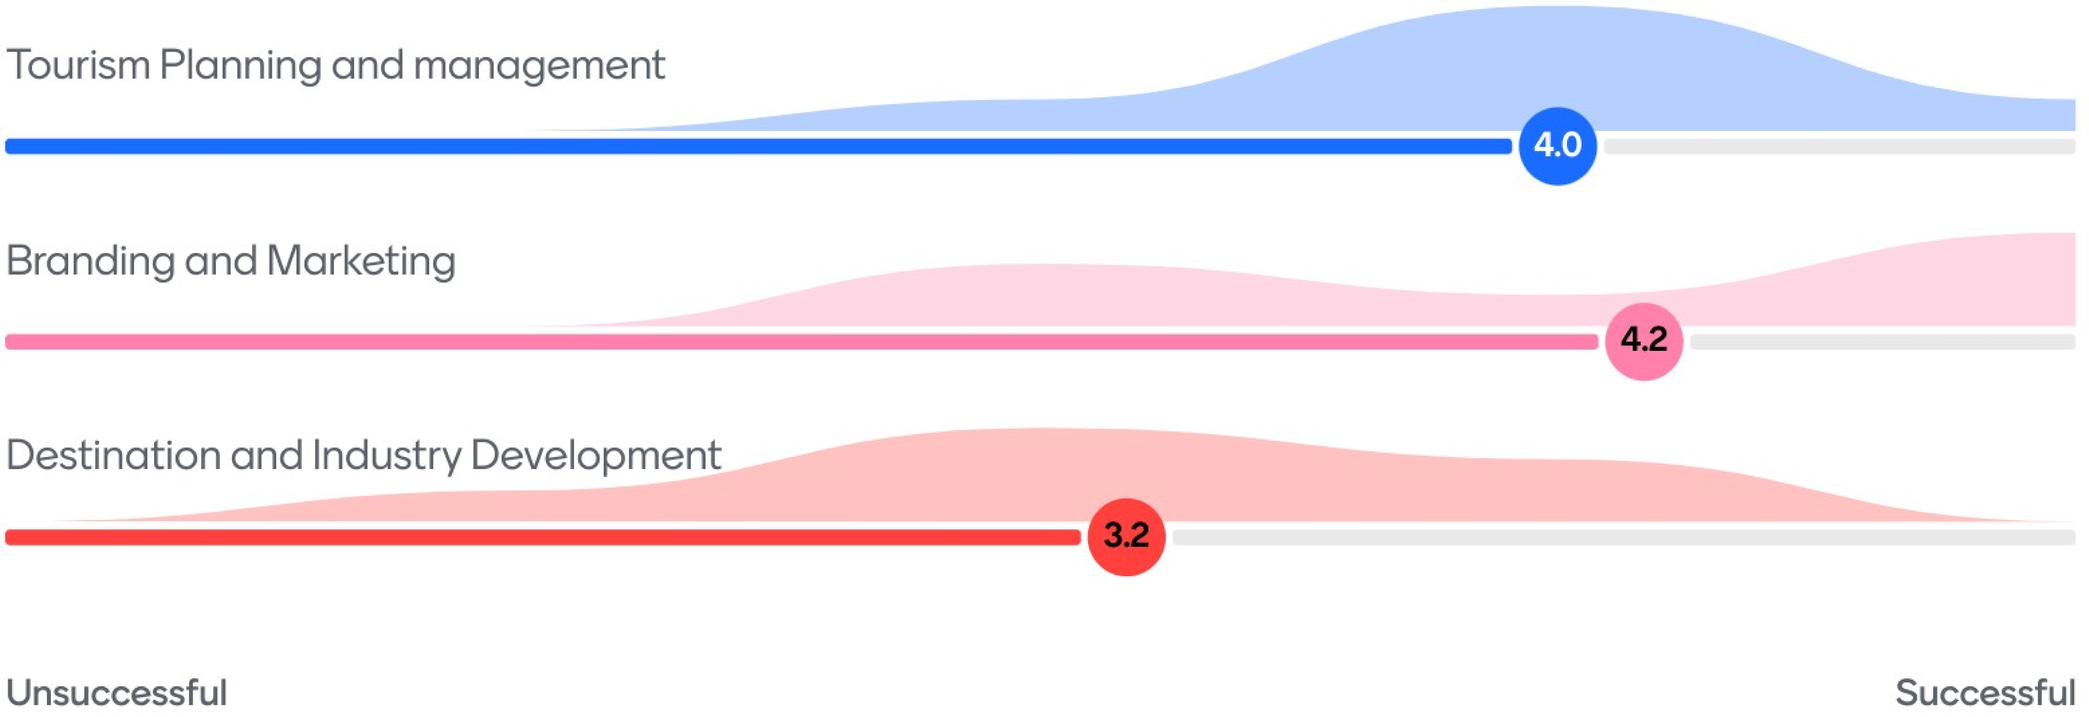

More collaboration with municipalities.

More regional promotion

special consideration for the rural district

I feel a list of up to date housing or apartments be available for the public..i continually get questioned on available housing . This would have to ve updated monthly

Please rank your perception of success of tourism promotion priorities so far...

Are there additional tourism promotion priorities we should consider? Should any priorities be removed?

Smaller attractions need to be added to the website

How airports add value to tourism benefits

Add covered bridges and significant buildings

Promotion focus on entry points to region

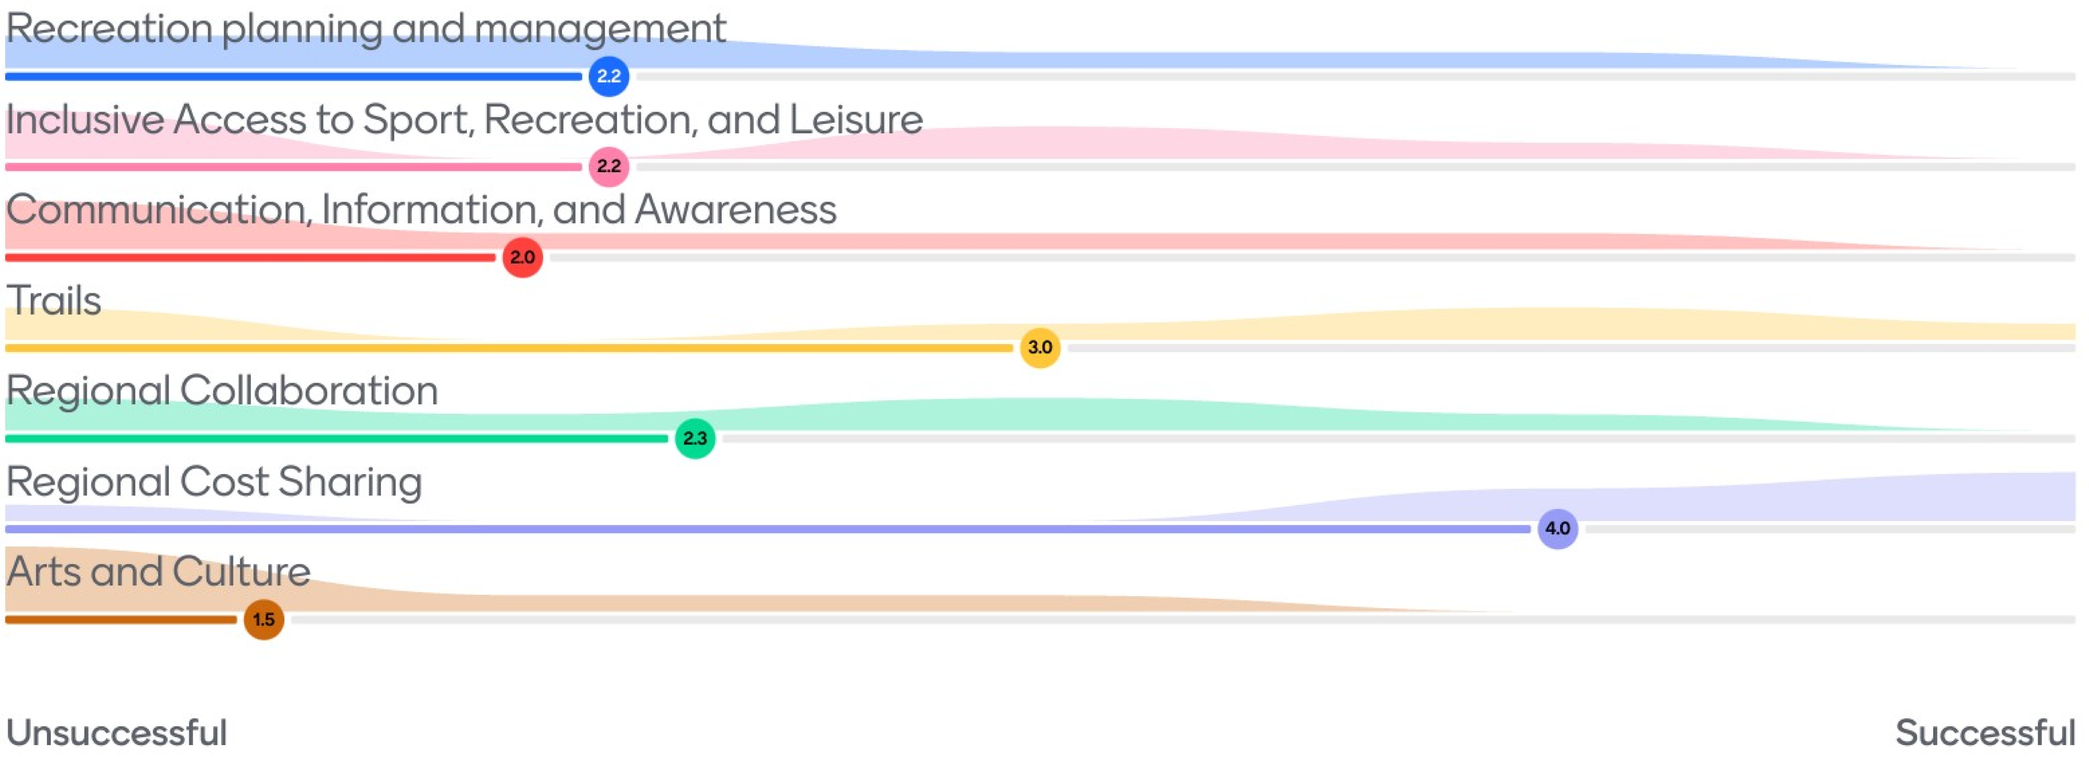

One regional tourist bureau located just off highway in Waweig area. Close to Hollis who could volunteer. A bureau that could have multitude services..bathrooms ..dumping station..

Regional promotion to keep and draw people tonour areas

keep promoting regional tourism in our area

Work to include all areas for the region

Please rank your perception of success of sports, recreation & culture priorities so far...

Mentimeter

Are there additional sports, recreation & culture priorities we should consider? Should any priorities be removed?

All schools should be made available for the public to be used. Same policy for all schools. Some are and some not available

7 Popular

Co-ordination and promotion of sport tourism

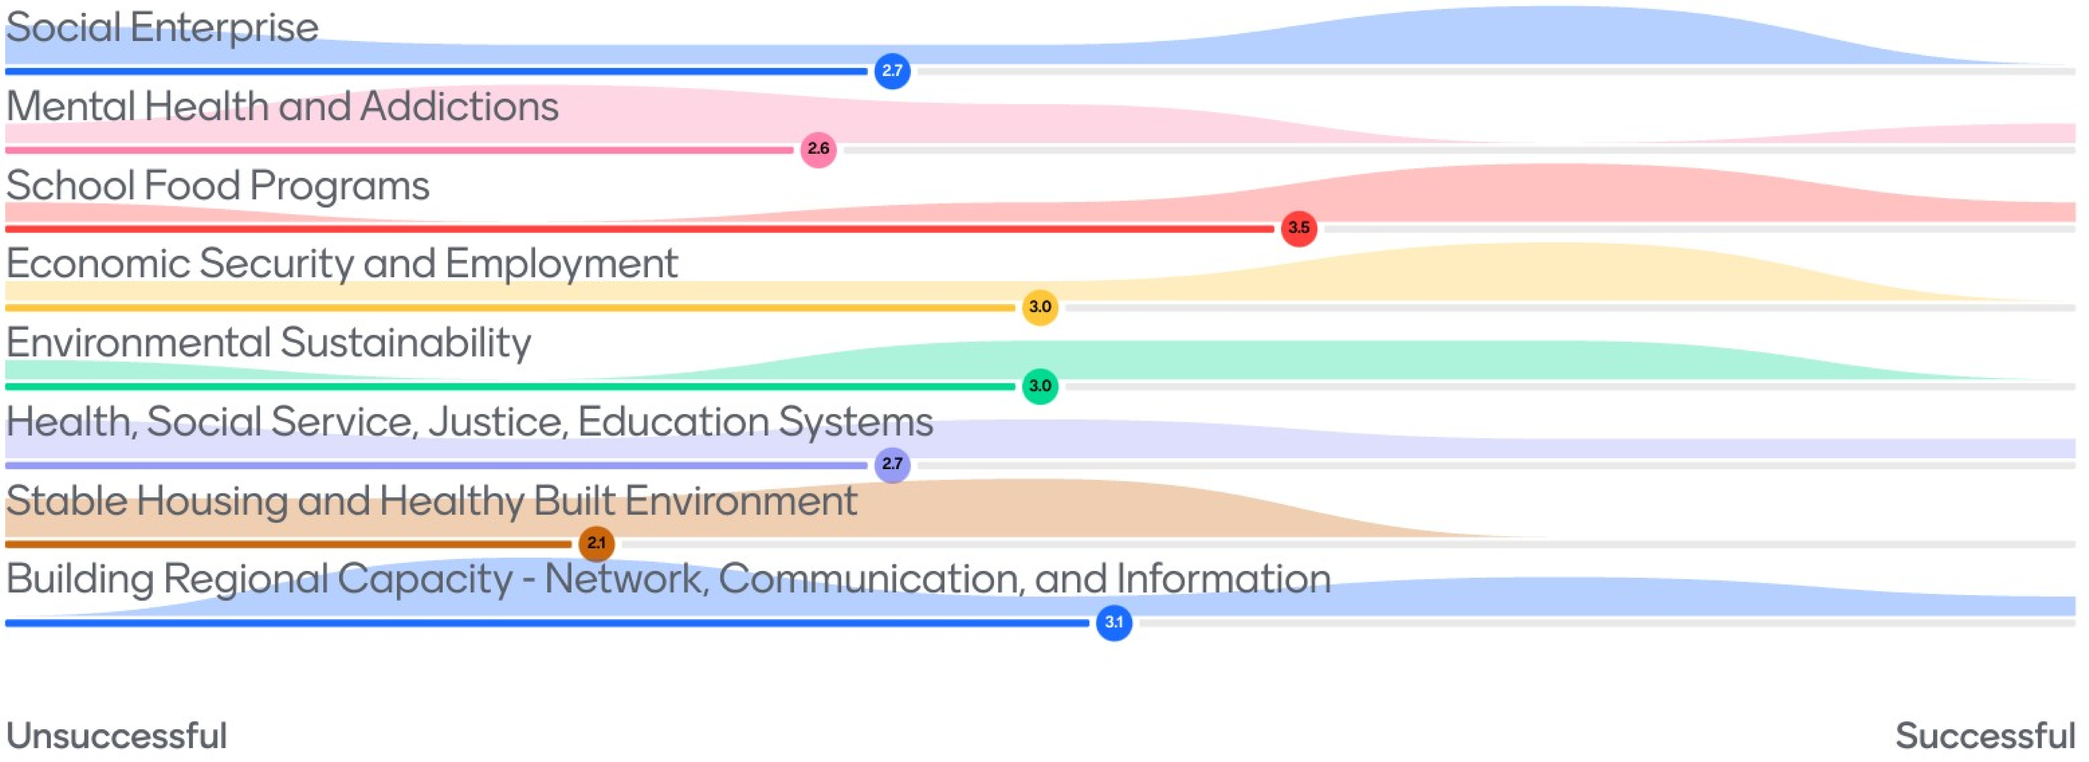

4

Regional sports event - each area has a specific event and either passport is stamped or collect a series of cards to use for prizes

4

Consistent recreation policies regionally

Please rank your perception of success of community development priorities so far...

Are there additional community development priorities we should consider? Should any priorities be removed?

[redacted]

6 Popular

More promtion.. ie mental health as a region

3

Again, a hub for housing availability. An effort to rally government for regional courthouse

3

More focus on health care and mental health

2

Should housing have it's own stand alone as opposed to falling under serval services?

2

- Transportation tie in.

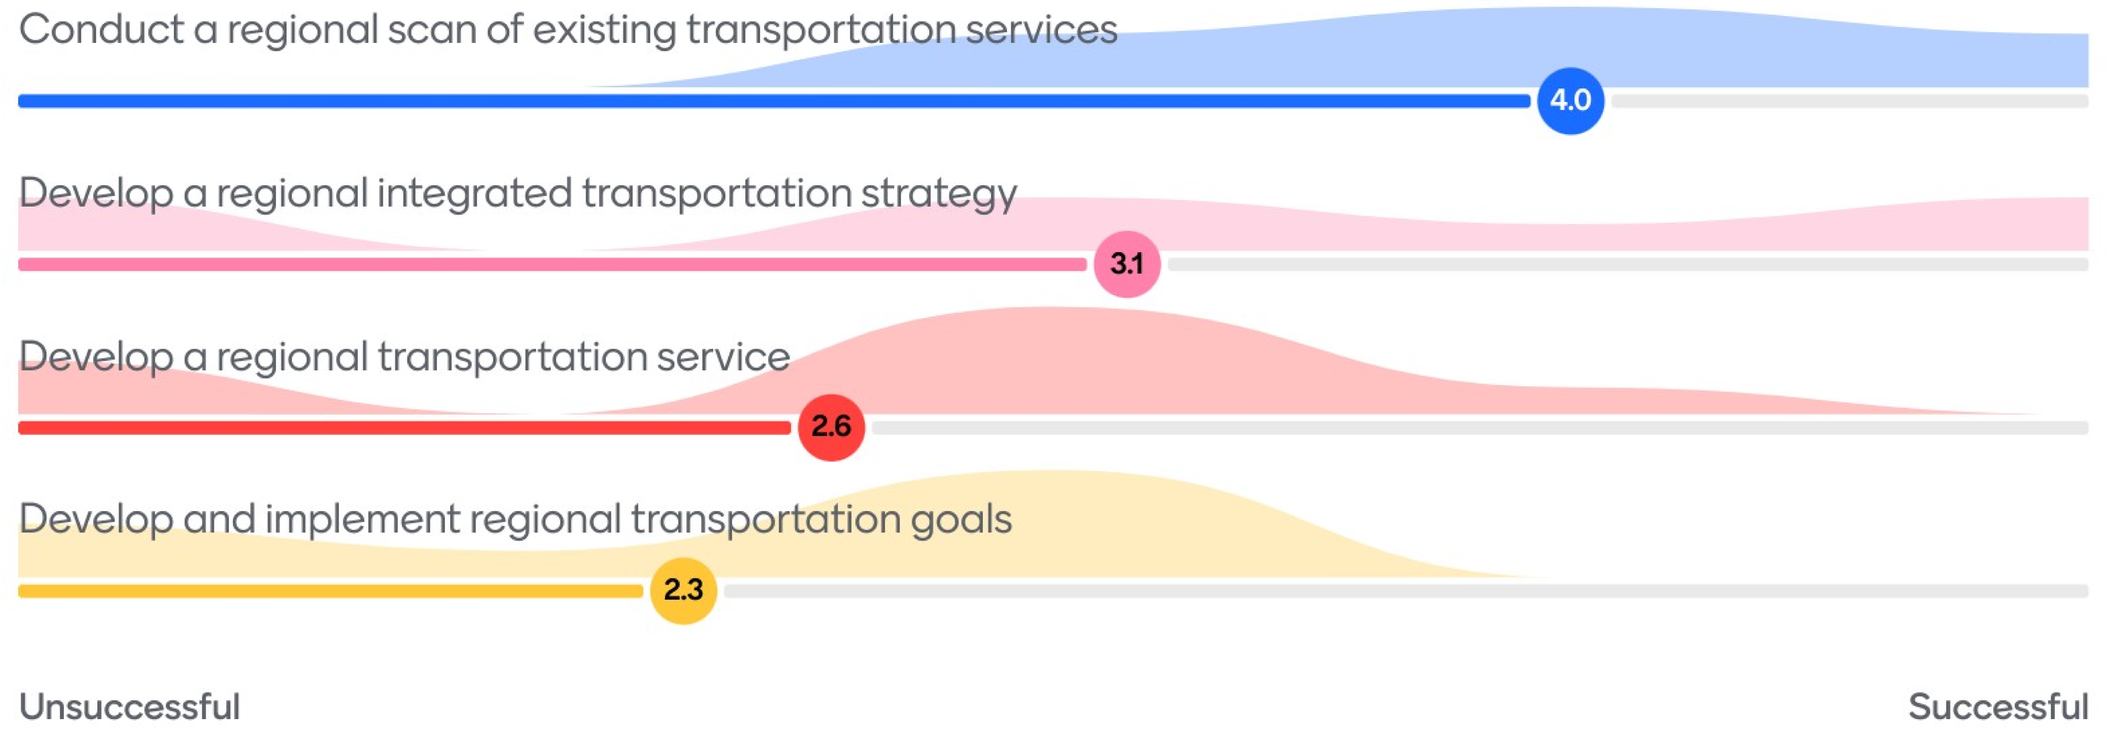

1

More involvement in education and schools

1

We have very limited ability to collectively affect the justice, education, mental health issues

Please rank your perception of success of transportation priorities so far...

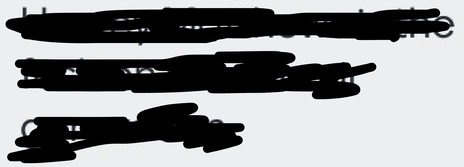

Are there additional transportation priorities we should consider? Should any priorities be removed?

Promote ride sharing

Partnering with Ride Share App Providers so municipalities aren't negotiating in silos.

Address accessible vehicles barriers

More transportation options for all municipalities to utilize

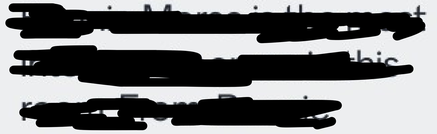

Free ferry to st Andrews

We should reapply for federal grant to purchase busses for local non profit group provide service

Organizational Priorities: Comments on Efficiency, Communications, Financial

It might be a good idea to include reports presented to a board meeting in the record of that meeting

Quarterly sell sheet of successes and wins by each division shared to board members, councils, and general public.

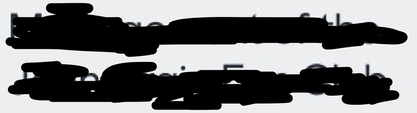

Mentimeter

Are there other overall priorities and goals for SNBSC to be included in the strategic plan? Example: advocacy, other community supports

Bylaw Enforcement

Engineering services

More unified on specific regional concerns Healthcare, policing ,

A series of by-monthly one on ones with Government Ministers - like the Kris Austin session.

Engineering services, housing availability list updated no less monthly, policy for school access that is the same for all,

Stay vigilant on RCMP service concerns.
